Board Musings

By Rich Armando

As many of you have been made aware of, at the June 1st cruise night we had an incident where a modern Challenger did a burn out the entire length of the flyover bridge upon leaving the cruise night. The general manager of Patriots Place contacted me about it as they were not happy with what happened. Not only does it mark up the asphalt but the bigger concern is the possibility of the driver losing control of his car and running into spectators who lined the bridge egging them on. With the spectators taunting drivers to do a burn out, sometimes the driver's ego takes over and they end up doing something stupid. At the July 15th cruise night there was a heavy presence of extra security and police details to see what would be the best way to end this. The best solution was to have the bridge cleared of all spectators so there will be no one there for the drivers to put a show on. If this kind of behavior continues the offender will be prosecuted to the fullest extent of the law. I have assured the management that the Mass Cruisers and its members do not condone this kind of behavior and support them 100%.

A sick bay update has Bob Smith and Mark Mango both undergoing some surgery. I hope they both are doing better as well as all of the other members who recently have had some medical issues. On a bright side I understand Johnny (AKA Sweet pea) drove away from the Medfield show with a trophy for his 1970 Plymouth Duster. Congratulations Johnny, the old Duster still has it.

To keep this month's musings short and the fear of boring everyone I'll end with this. Summer is officially here, finally. Get out and enjoy it as time passes quickly. Hope to see everyone at the June 29th cruise night.

Editor's Musing

By John Buchanan, MANAGING EDITOR

"Right to Repair Law" in Massachusetts; where are we? After seeing years of Right to Repair bills being tabled by our Massachusetts Legislators at the end of each General Court session, the 2020 Right to Repair Question 1 initiative was passed by 3/4 of our state's voters which was then enacted as a state statute (Chapter 93J). This updated existing state's right to repair laws to include electronic vehicle data by allowing vehicle owners and independent repair facilities access to mechanical data related to vehicle maintenance and repair. Also, starting with vehicle model year 2022, the law would require manufacturers of vehicles equipped with telematics systems that collect and transmit data wirelessly being sold in Massachusetts to provide an open access platform. To avoid this requirement, Subaru stopped including their Starlink and Kia their Connect telematics in their 2022 vehicles sold in Massachusetts. The Alliance for Automotive Innovation had also filed a suit in November 2020 to stop the law and while former Attorney General, now Governor, Maura Healy did little to enforce the law over the following two years, our new Attorney General Andrea Campbell filed a notice Intent to Terminate the Non-Enforcement Stipulation with enforcement of the state statute to start on June 1, 2023.

Contradicting that Judicial Order, The National Highway Traffic Safety Administration (NHTSA) notified 22 automakers to ignore Massachusetts Right-to-Repair Law on June 13 citing safety and security concerns that such open access could potentially be used by thieves and hackers to remotely command vehicles and also gain access to car owners personal information used by the auto dealer's service departments. On June 16 Senators Markey and Warren asked Transportation Secretary Buttigieg and NHTSA Deputy Administrator Sophie Schulman to have NHTSA to reverse course,

What could happen next? For one, it's possible a Federal Judge could intervene to prevent enforcement and it's a good bet that 22 automakers can find one somewhere to support their position. Also, there doesn't appear to be evidence automakers, on their own, have done anything to harden their telematics vulnerabilities since the Massachusetts Right to Repair Law was passed. Further there is obviously a lack of government agency pressure requiring automotive manufacturers to do so.

June 1 Bass Pro Shops Cruise Night

By John Buchanan

Both the heat and the beat goes on with our opening June 1 Bass Pro Shops cruise where we enjoyed warm temps in the 80's with a nice westerly breeze atop the Patriot Place parking lots that are 330 ft. above sea level. The New England Region Cadillac LaSalle Club with a turnout of over 35 member cars and the Pontiac Oakland Car Club also enjoying a similar number of club member cars were the featured clubs with reserved parking adjacent to the club trailer, D.J. Bruce Palmer and the two Patriot Place food vendors Achilito's Taqueria and the newly opened Axel & Byrne providing onsite fresh grilled offerings. It was a great way to kick off our June summer cruises.

Despite being handicapped with light casts on both hands, club member Diane Thornton shows her excitement about the full line of 2023 cruise event tee shirts available this year which have been selling very well.

John Griffin is shown greeting and collecting donations at the cruise entry for the Stoughton's Saint Anthony's Free Market Food Pantry, one of the five area Food Pantry's alternating collections at each cruise.

Pontiac Oakland Car Club members parked together with two rows.

Cadillac LaSalle Car Club members had a good showing with 35 cars

Although four wheel cars and trucks make up most of the cruise vehicles, we do get our share of two and three wheeled motorcycles attending.

June 1 Cruise Winner 1958 Cadillac Series 62 Coupe

By John Buchanan

With the heavy showing of some 35 Cadillacs at the June 1 cruise by New England Region Cadillac LaSalle club members it wasn't all that surprising when out of the hundreds of other cars and trucks attending it was a stunning black 1958 Cadillac Series 62 2-door Sedan, owned by Tim & Laurie O'Conner of Berkley, MA, that was singled out for the Vintage Motorsports sponsored Cruiser of the night award plaque. What was surprising when asking Tim and Laurie about details of their Cadillac, it was Laurie who was rattling off the specifications and details like, of the 121,778 Cadillacs produced in 1958, 7,825 were the Series 62 models. Come to find out she volunteers at the Newport Car Museum in Portsmouth, R.I. after a chance visit there on their way to Newport. This then led them to purchase their 1958 Caddy two years ago. The Caddy is powered by a 365 cu. in (6.0 L) V8 coupled to a four speed hydromantic transmission. With its tubular X frame chassis without side rails, the car enjoys a lower body style without loss of interior space. These were luxurious riding land yachts back in the day.. The 1958 Cadillac's fin design epitomizes the fin era that Harley Earl started in 1948 and was continued by Bill Mitchell until ending in 1964. Congrats to Tim & Laurie.

June 15 Bass Pro Shops Cruise Night

By John Buchanan

The early Thursday June 15 afternoon clouds may have had some cautiously wondering if we were going to have another one of the week's surprise pop-up showers but, by 4 PM it was clear skies and cruise cars started pouring into Patriot Place by the hundreds. By 5:30 PM the main cruise lots 15 & 16 were filled and later arrivals were being directed to the overflow parking lots. It was a big night with the Falcon New England Region Falcon Club and Bay State Corvair Car Club members enjoying reserved parking for their members and cars. Richard Holmes also made his annual end-of-the-school-year visit with one of his restored antique 1932 School Buses, this time the International, along with their Holmes museum's 2006 Ford GT GULF blue & orange Heritage Edition. Both vehicles were open to allow anyone wanting to climb aboard the bus or sit behind the wheel of the GT. Also making a surprise appearance was Tom Laferriere driving his 1939 Packard Model 120 Coupe that he drove in the 2022 Great Race from Warwick, RI to Fargo, ND. And I was happy to meet a fellow U.S. Army Tanker, 99 year old WW-II Veteran Silver Star Hero and French Legion of Honor Medalist Alfred Consigli who had set up a display of his WW-11 photos and memorabilia in the bed of his pickup truck. Also scattered throughout the more than 1,000 show cars were many of past cruise night award winning cars and trucks revisiting the cruise along the night's pick, Anthony Charest's 1963 Studebaker Gran Turismo GT Hawk. *Continued on Page 7*

June 15 Cruise Winner 1963 Studebaker Gran Turismo GT

By John Buchanan *Continued from Page 6*

Anthony Charest, founder of the Over The Hill Gang Motorcycle Club in Natick back in 1974, realized he was the last surviving member still riding so he decided to sell his Harley Electra Glide and get something with four wheels. It was at the Friday Kimball Farm cruise in Lancaster where he met the owner of this 1963 Studebaker Gran Turismo GT Hawk who had just finished restoring it but had heard the bad news from his doctor that resulted in putting the GT up for sale. Before you know it, it was goodbye Harley, hello Studebaker Hawk for Anthony. And, although the previous owner who had hopes to drive it on Route 66 but was never able to do it, Anthony's plans are to keep his road adventures more local, and frequent, so you will probably get to see it regularly showing up at our Thursday Bass Pro Shops cruises.

Anthony Charest's 1963 Studebaker GT Hawk

June 11 Norfolk "Old Tyme Day"

By John Buchanan

Fellow club member Fred Tierney invites Mass Cruisers club members to participate in the annual Norfolk Lions Club Community Day, now called "Old Tyme Day", by putting on a mini-car show along the host W.T. Holmes Bus property driveway entrance. A dozen club member cars along with a few Norfolk Lion's club member cars participated. This is the first year that I was able to bring my 8 year old great granddaughter Ellie which allowed me to experience what other club members have enjoyed in past years; watch them have fun in four different themed bounce houses, hunt for fossils & shark teeth, build a bird house, ride in a tractor-towed Haywagon, climb onto a tractor, compete in a horsy barrel race, get a cool looking face painting, and ride on the scale model train through the extensive Holmes property; except there's nothing like experiencing an exciting train car derailment which ended the ride for us. It was another great day with only a spot heavy rain shower in the afternoon going home.

A few of Ellie's favorite attractions were the SHARK TETH/FOSSIL HUNT, FACE PAINTING and the TRAIN RIDE which ended with an exciting rail car derailment.

ORPHAN CAR GARAGE TOUR

by John Buchanan

In 2022, Bob & Johanna Okerholm invited club members to a "Vintage Cars" presentation by Orphan Car Garage owner John Wingle at the Sharon Senior Center (*Page 7—July 2022 Newsletter*). John later signed up to become one of our 2023 Bass Pro Shops sponsors (*Page 4 ad—2023 Flyer & page 10 this newsletter*). John recently hosted a cars & coffee event for club members at his Orphan Car Garage in Abington on Saturday June 3 which, despite lousy weather, was a thoroughly enjoyable experience to mingle among the cars that he filled his vintage era styled showroom with. Back in 2019, John was looking for more space to store his growing Orphan Car collection, consignments and cars he had for sale. He came upon a building on the other side of town across from Walmart on Rte. 123 that was previously, home to a vacated church. The building owner was happy to renovate the space for John's vision of a vintage automobile showroom and also add a garage door side entrance to move his cars in and out. This all happened just before COVID shut everything down. Looking for an affordable Classic Car? as the as his dealer plate on the front page VW photo sates, give John a call: 508-954-8090 or online at [Vintage Car Sales | Orphan Car Garage](http://VintageCarSales.com)
