September Board Musings

By Rich Armando

As I write the September Musings I am expecting this coming week's August 25th cruise night to be a big one as long as the weather cooperates. With the exception of an added cruise night on August 4th in which we were handed a high heat and humidity index to cope with, our last scheduled night was way back on July 14th. Factory Five, one of our cruise sponsors, will be in the house at our August 25 cruise. We have been told to expect about 50 Factory Five cars of various models to be in attendance. This is always an impressive display for everyone to see, particularly those enthusiasts that are ready to build their own exciting project car.

For the September 8th cruise night, the club will be running short-handed due to many of our club members that attend the annual Adirondack Nationals in Lake George, NY will be traveling on that Wednesday and Thursday. If you haven't been able to help at the past cruise nights this would be a great night to put this one on your calendar to show up to help. Your fellow members who are always in attendance will appreciate your help for the night.

For months you have heard me say we are working on updating the club's masscruisers.com website to a more user friendly site. Well the time has come; this past Wednesday John B, Kevin and myself meet with a professional web designer who is willing to help the club revise and maintain the site. As this will most likely take several weeks to do, due to everyone's busy schedule, I will have more information hopefully by the next meeting and for the next newsletter. Once the site is launched we will need to find a member to maintain it. It wouldn't be fair to keep dumping more of a work load onto the members who are already doing a lot for the club. This is an excellent time for you to volunteer and become part of the team. If you are not experienced, this will be a good opportunity to learn about website management and maintenance. I'm sure you could be trained on what needs to be done.

I was contacted by a lady who is organizing a 50's sock hop for the students at an elementary school in Foxboro. Her committee thought it would be a nice touch if there could be a few cars parked outside as the students entered. If you have a car that would fit the theme of a 50's dance and are interested in displaying your car for a few hours please let me know. I will have to confirm the date but I do know it will be sometime in November.

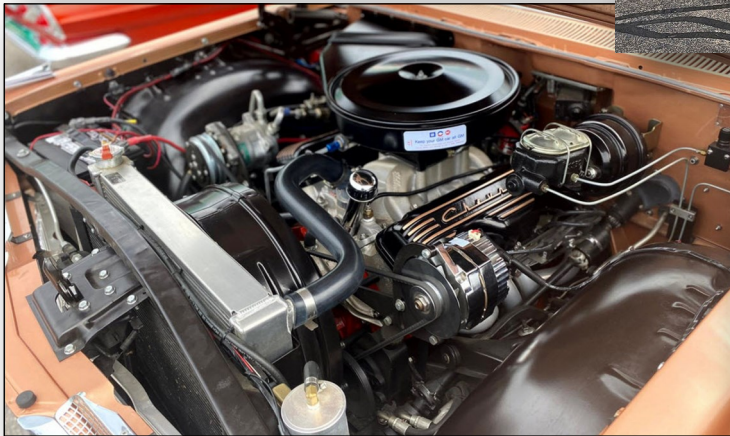

August 4 Cruise Winner 1959 Chevrolet Biscayne

By John Buchanan

Scott Morrell just picked up his 1959 Chevrolet Biscayne RestoRod Cruiser two days earlier, so our August 4th cruise was its first shakedown event. When he was notified that his car was selected for the Vintage Motor Sports cruise award, he was proving the importance of those first “shakedown cruises” as he was in process of replacing the lower radiator hose which was leaking coolant. Our Entrance and Food Pantry Team of John Griffon, Mark Murgio and Bob Walton were charged with the pick and weren't aware the crowd gathering around the car was assisting Scott or spectating his repair progress. However, this is a unique Chevy, dubbed 'BIS-QUICK” by its Oakland, CA builder due to the unusual power train. This entry level 2 door post '59 Chevy was inspired by the 40 Zora Arkus-Duntov-spec 348 V8 police pursuit cars built at the Oakland GM plant back in the day. Scott's 348 power plant is updated considerably with Edelbrock 409 aluminum heads and also has a 5 speed Tremec tranny. It also has 4-wheel disc brakes and custom Boyd Coddington 5 spoke alloy wheels along with stunning custom three-tone Oldsmobile Starfire upholstered interior and that compliments a flawless copper two-tone paint finish. This was truly a great selection for a makeup cruise.

The August 4 Cruise Was Unscheduled

By John Buchanan

With both our July 28 (Sir Elton John Concert) and August 11 (Patriots-Giants Thursday pre-season game) scheduled cruises being preempted, coupled with a couple of weather cancelled cruises on May 19 & July 14, we opted to try and fit the August 4 Thursday date into the schedule. It was another hot one too, kicking off an extended five-day 90 plus heat wave. Despite the heat and last-minute reschedule we still had several hundred hearty cruise car owners show up, most likely most with air conditioning, to turn the cruise into a worthwhile “sweating to the oldies” afternoon delight with D.J. Bruce Palmer. It was also nice to see groups like the “22 RALLY” & BMW owners driving in when many opted to stay home in their air conditioned surroundings. Despite the heat, more that 300 cars did show and despite not doing the 50-50 drawing, our newest participation Food Pantry from Stoughton, St. Anthony’s Free Market, did very well at the reconfigured entrance lanes which were rerouted to eliminate the parking direction confusion for first-time cruise participants. Hoping now for a better August 25 cruise.

Car clubs or specialty groups come to our cruise to promote both their organization’s mission and demonstrate the social camaradery that can be enjoyed by cruising together with their cars. On a hot 96 degree afternoon it isn’t unusual to see many of the late model high end sports car groups like the BMW owners parking together, or the Mission 22 Rally high performance sports car owners showing up to bring awareness of their mission to support Veterans and their families impacted by PTSD and suicides.

The August 4 Cruise Was Unscheduled

CONTINUED FROM Page 6

Despite the lower cruise attendance, that didn't stop some seldom seen or first time seen vehicles show up. A few included the Cruise winning 1959 Chevrolet Biscayne that was only seen in New England for the first time two days earlier and the first time a newly built dragster being displayed before making its inaugural debut at New England Dragway. Then there was the return of Brendon King with his 1967 Dodge Coronet R/T Norward Arena pace car after a long absence from the area cruise and car show scene. Brendon is hoping to attend more cruise and car show events with his Norward Arena tribute Coronet R/T.

ABOVE: For those of us old timers that were regular fans of the Saturday night stock car races at Norwood Arena just up Route 1 from our Patriot Place cruises, Brendon King usually carries a stash of memorabilia with him that you can purchase.
BELOW: It's not often a dragster shows up at one of our cruise nights. Perhaps this may become a trend.

50/50 Vocational Student Workforce Tool Grants

By Rick White (50/50 Charitable Coordinator)

In addition to our traditional 50/50 charitable program support for the Wrentham Development Center's resident programs and the Southeastern Massachusetts AMVETS Region program for the Brockton VA Hospital patients, we have added a new program in 2022 that focuses on our vocational student needs when entering their first employment opportunities or advanced training needs in the automotive services fields following graduation. The program provides \$250 cash grants to deserving graduates from Norfolk County Agricultural, Tri-County Regional, Southeastern Regional and Blue Hills Regional High Schools. An example of one of the first grants made was to a 2022 graduating Tri-County senior who will be applying it to continuing his post graduate education in diesel mechanics. Additional changes we are implementing in the 50-50 charity programs is ticket pricing; and more importantly, you do not have to be present when your ticket is drawn. Your name and ticket # will be held, so don't throw it away or forget to bring it with you to the next cruise.

In addition to proceeds from the 50-50, complimentary Cruise and Mass Cruisers logo key tags are given for direct donations of \$5 or more to the Workforce Tool Grant Program. The key tags are available at the club trailer where the event T shirts are sold. I am excited about bringing this new workforce grant program to our area Technical Vocational Schools and am hopeful that our fellow auto enthusiast car owners will be able to help support these future technicians get a fresh start in their new careers.

DONATE NOW

VOCATIONAL STUDENT WORKFORCE TOOL GRANT

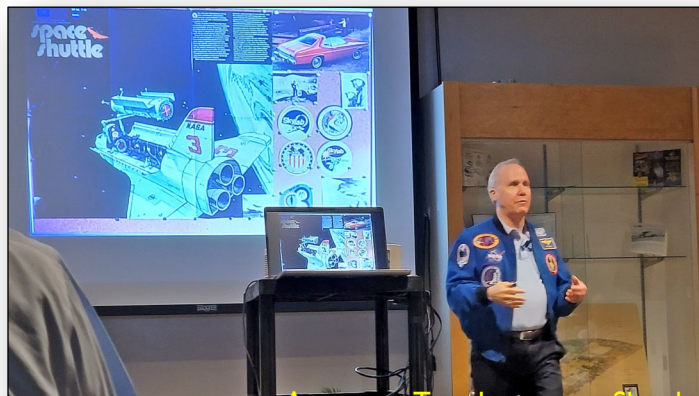

New England Air Museum Astronaut Event

by John Buchanan

John Nunez gave the club a heads-up about the New England Air Museum's August 20 Space Expo event featuring a lecture by former NASA Astronaut Tom Jones who had flown on four space station missions and performed three space walk missions. This alone was worth going to see and listen to. John had organized a cruise trip in May 2018 to the Museum for the club, but was unable to do it for this special event due to a schedule conflict, so it was go on your own. It was definitely a GO for me and my son Jim who had never been to the Air Museum before. Jim, who grew up following all the NASA space missions and still follows them today, and I went early Saturday morning so we could attend the 11 AM lecture. We weren't disappointed as Tom Jones had some amazing personal video clips of his space station missions that were used in his presentation, *shown to the right*.

The Museum itself has an extensive collection of historic aircraft housed in three buildings which, alone, is worth the visit and, we were able to do that before the lecture. Additionally, for this special event, there were over a dozen aerospace exhibitors as well as a dozen or more costumed Star Wars characters there to keep the kids entertained and engaged in between the two scheduled lecture appearances. Another surprising exhibit by Hamilton Standard in the mezzanine area was hosted by Don Rethke, a.k.a. "Dr. FLUSH", who designed the shuttle zero gravity flush toilet. He brought a level of humor to what was a serious design challenge in space travel that, early on in the program, was overlooked. Way to GO "Dr. FLUSH".

Astronaut Tom Jones set a Shuttle endurance record of 18 days in orbit.

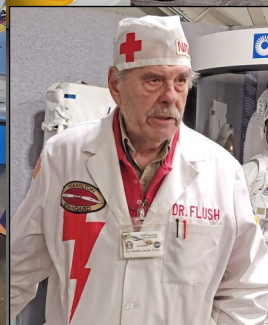

Children attending the Space Expo were treated to unforgettable moments that may provide inspiration to become the next Astronauts that will one day be walking on the surface of Mars.

Who would have thought a short presentation by "Dr. Flush" could hold the attention of young teenage boys.

B-29 Hangar

AUGUST CRUISING AROUND

By John Buchanan

Although rain has had less of an impact this summer thanks to a severe drought, August's unbearable heat with temperatures routinely hitting the mid 90's was challenging for both cruise nights and car shows that experienced low attendance. Everyone was picking and choosing when and where to brave the heat when temps started climbing out of their comfort zones. However, there were some bright spots at different times and here were a few of my own August CRUZN moments captured with my smart phone camera:

My first time CRUZN to the August 12 Friday night Auburn -Webster VFW cruise. Met up with Bruce Berry & Joe Ouelette resulting in Chevy's in the shade of the tree line.

Our annual Friday back-road cruise on August 19 to the Downshifters Mattapoiset Wharf cruise (above) missed the 6-alarm boat yard fire next door that was making headline news.

The Thursday August 18 Wheels of Time cruise in Brockton saw this unusual customized 1949 Jeep Wagoneer Pickup trailering a homebuilt custom motorized trike featuring repurposed bright RED antique hand-pump fire cart wheels

John Nunez's 1989 BMW 535i shown above with club members under the tent took home a trophy at the Sunday August 21 B&D Auto Show at the Crescent Ridge Dairy in Sharon.
