Board Musings

By Rich Armando

It's been what seemed like an eternity between our last cruise night and our August 29th cruise night. With the large gap between them the club never missed a beat. Everyone working the cruise remembered what had to be done for the setup and breakdown. Thanks to everyone who turned out to help. For those who attended the 29th cruise night hopefully you noticed that the trailer awning has been repaired. Our Cruise Director Bob Hines was looking into pricing a new awning which would include installation to make it easier for the members. After Bob finally got a price, it turned out to be a very expensive proposition. Not wanting to spend a lot of the club's money Bob also looked into what actually would be involved with fixing the existing awning. John Ricker told Bob he would help with any repair if he decided to venture into fixing it. Well a plan was drawn up and the awning is now fixed to almost as-good-as-new condition for only the cost of some donated hardware Bob had lying around and labor. So, the next time you see either one of them, remember to thank them for getting the awning operational and saving the club some money to boot. Thanks guys.

There are a lot of different shows and cruise nights you can attend till the end of the season. At the August meeting Steve Huntington and John Buchanan mentioned quite a few different ones. Steve and John will be attending some of them. If you want to join up and cruise together contact them to make arrangements to meet up. It's always better to cruise as a group. Johnny, a.k.a. Sweet Pea, planned and led a cruise to the Beef Barn on Tuesday August 27th. There was a nice turnout representing the Mass Cruisers. We had a nice leisurely cruise along back roads from Franklin which lead into North Smithfield RI and eventually arriving at the Beef Barn. It was a very nice way to spend a late August sunny afternoon for those who are retired or could get out of work early. In the back of the newsletter each month John compiles an extensive list of events we can do. Why don't you pick one out that interests you and put something together with your fellow club members while there still is time before the end of the season.

On Saturday August 10, all the members who worked the Seekonk show in May were invited to a thank you night by Seekonk Speedway. Representatives from the three vocational/technical high schools that participated in the small engine build-off in March were also invited by Seekonk Speedway as part of their participation awards in our World On Wheels engine build-off competition. We were treated to a special parking area inside the pits. Before the races started we made several laps before stopping on the track for the playing of the National Anthem. We were then led off the track to a reserved parking area in front of the spectator's entrance. We were able to enjoy the races while sitting under the pavilion and dining on the food supplied by Seekonk. For a change the weather was near perfect for the race as in the past we had many cancellations due to rain. Ed is always a gracious host and always treats us to an exciting night out.

Editor's Musing

By John Buchanan EDITORIAL

This August was the first time in memory where we were almost skunked from holding a cruise. As it was, we experienced a seven week stretch with no Bass Pro Shops cruises at Patriot Place due to a weather cancellation, a Patriot's pre-season Thursday game conflict which we normally expect to happen at least once each season and then an unplanned postponing a week due to two blockbuster concerts squeezing Patriots Place resource availability during the one day in between when our cruise would have been held. I'm sure there were a number of confused car owners that do not have access to, or consult social media, specifically Facebook, to keep informed for late breaking cruise cancellations and rescheduling's.

This situation brought to mind how the Red Sox solved that problem in the 1950's by using the beacon lights atop the old Hancock Building in Downtown Boston: "Steady Blue, Clear View. Flashing Blue, Clouds Due. Steady Red, Rain Ahead. Flashing Red, Snow Instead". However a flashing red light during baseball season meant the Red Sox game has been cancelled due to weather. Anyone not within sight of the Hancock weather beacon light would listen to one of the Boston radio station's weather report which always included a report of the old Hancock Building beacon lights when the Sox were playing at Fenway.

Mass Cruisers Night at Seekonk Speedway

by John Buchanan

Each year in exchange for helping the Seekonk Speedway with their opening race season weekend Show & Go Car Show each May, participating club members are invited to attend a night of racing as V.I.P guests along with the opportunity to drive our show cars onto the race track and participate in the evening opening ceremonies. Saturday August 10 was our night to attend races that included Everet's Auto Parts NASCAR Triple Crown Series race finale for Pro Stocks, Late Models, Sportsman and Sport Trucks. Additionally, it was pre-racing open-pit nite for spectators where we also parked our show cars and joining the night's race spectators to see all the race cars in the track pit area and get to talk with the team crews and drivers. We then were able to drive our cars onto the track and parade around for a few laps before pulling up to the finish line area for the start of the evening race opening ceremonies.

CONTINUED ON Page 5

It was open pit area night where club members were also able to park and display our classic cars and trucks before being led onto the track for opening ceremonies.

Open pit area night allows spectators the opportunity to walk through and visit all the race car teams, see their favorite race cars up close and talk with the owners, drivers and mechanics.

Mass Cruisers Night at Seekonk Speedway

CONTINUED FROM Page 4

Following the opening ceremonies, we were led off the track to park our cars in a reserved parking area out front and then headed back inside the track to the V.I.P. seating area at the turn 1 & 2 south end of the track where there is a complimentary buffet set up consisting of burgers, hot dogs, chicken poppers, potato & pasta salads and drinks just before the start of the preliminary qualifying races. Seekonk has long been billed as the "Action Track of the East" and it lives up to its name particularly when there is heavy competition to be the winner in the Triple Crown Racing series finale.

A highlight of the night at the track is when club members cars are led onto the Seekonk Speedway quarter mile oval to take a few laps before lining up at the start-finish line area for the evening's race opening ceremonies

Sitting in the V.I.P. area of turns 1 and 2 members are treated to a buffet while enjoying the races as my two great grand kids, shown here, are doing.

August 29 Cruise Winner 1933 F5R "Speedstar" Coupe

by John Buchanan

There was anywhere from 35 to 40 Factory Five Forum members participating in their annual Bass Pro Shops cruise to Patriot Place, driving an amazing array of different owner-built Factory Five kit cars. Dave Smith's daughter Nicole was charged with having their staff select a favorite Forum Member build project to receive a Vintage Motorsports Cruise Award Plaque. David Clément's 1933 Hot Rod "Speedstar" Coupe in Sunset Orange Pearl paint was selected. This 5.7 Liter HEMI powered coupe is backed with a Tremec 5 speed tranny and 8.8 Mustang rear end, rolls on American Racing Wheels with 305/35/20 General GMax Ultra High-Performance All-Season tires driving from the rear and 255-40-18 up front. Factory Five purchased Rat's Glass Ridler Award winning design "Speedstar" molds & tooling back in 2018 with the intent to fit it to their own high performance chassis design used for the 1935 Hot Rod Truck. It was debuted as the 2nd Generation of their successful 1933 line of hot rods introduced at SEMA in 2015. I asked David, who completed the 21-month build project in June this year, why

he specifically wanted to build this F5R model, and he commented it provided the legroom and comfortable seating for his 6 ft. frame.

August 29 Cruise Winner 1957 Chevrolet BelAir

by John Buchanan

John Hurley organizes the annual gathering of the Tri Five Chevy owners at our Bass Pro Shops Cruise and, in an attempt to remove himself from any judging bias, he selected Bob Reid from the group of Tri Five Chevy owners to take on that task to select the August 29 Cruise winner for the Vintage Motorsports Cruise Award Plaque. It backfired. Bob picked John's perfectly restored to original 1957 BelAir that was finished in Coral Canyon paint with the ever popular for the times two tone combination whit top. John has owned his '57 that was restored in the 1980's for only four years, but his caretaking over that time continues to be remarkable because it looks like it just came off the showroom floor. Congratulations John. The award is well deserved but you'll have to consider a different non-bias judging strategy the next time around, however, the good news is that, at our Bass Pro Shops cruise, your car would be excluded from a repeat selection for another two years.

John Hurley, who organizes the annual Tri Five Chevy display at our Bass Pro Shops cruise, is also organizing a display for Women Classic Car Owners for our upcoming September 19 cruise.

August 29 Cruise Winner 1971 Land Rover II 109

by John Buchanan

It isn't always the recently restored or museum quality show car that gets selected to be one of the Vintage Motorsports Cruise Award Plaques winners at our Bass Pro Shops cruise. A great example is this 1971 Land Rover Series II 109 4 x 4 sporting a Safari Soft Top that would look more at home on the Serengeti than New England highways.

Owner Liam Farrell from Medfield has owned this original condition Rover, except for some new seats, since aged 15 and he regularly makes trips to Nantucket & the Vineyard every year having put over 2,000 miles on her so far this summer. The interior rear seating classifies this as a 10 passenger 3 door vehicle with the addition of the rear entrance. It is powered by a venerable 2286 cc 4-cyl. diesel back with a 4-spd manual tranny & Hi-Lo range shifter is no world beater on the interstate but nimble enough for fun on the Cape's dunes. And for this dare-to-be-different cruise car attendee, Liam's flowered summer shirt and sunglasses also sets the vibe.

No mistaking the vanity plate NANTCK meaning with all those Nantucket bumper beach passes.

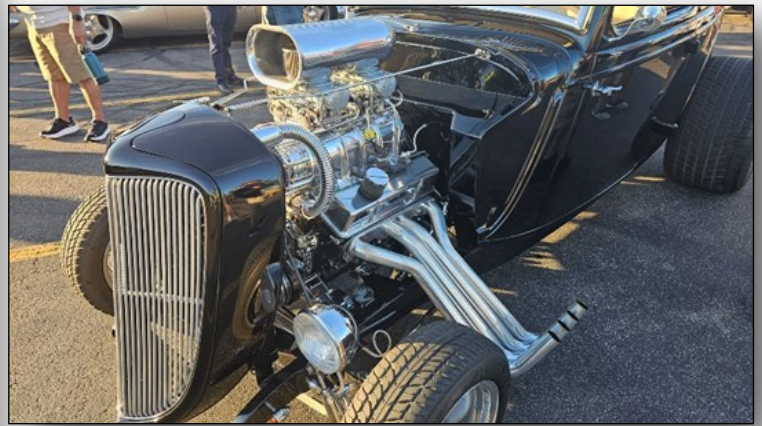

August 29 Cruise Winner 1934 Ford 5-Window Coupe

by John Buchanan

Paul DiFilippo's 14-year build project on his stunning PPG Black 1934 Ford five-window coupe started with an old steel body, rotted in many areas, missing the firewall and filled with plenty of evidence its former final life was being used for target practice. Typically, true hot rodders visualize its final future look, rather than just how they're going to patch it back together. His vision came from a Dave Bell illustration thanks to a previous radical 6-inch top chop to the old body. The floor, sub-rails and trunk had to be refabricated along with adding a custom modified factory firewall. A custom '34 style grill and rear roll pan were added that allows you peek underneath to see it's as finished there as it is topside. The white Cadillac leather interior and taupe carpeting is complemented with the moldings and dash being finished with a bird's eye maple hydrostatic dip. The '34 is motivated with a Big Al's Toy Box Littlefield supercharged 355ci small block V8 that dyno's out at 560-580 hp via a Richmond five-speed tranny & 3:55 Ford 9 in. rear. I noticed Paul had parked the '34 straddling two parking spaces to protect it from potential harm while at the cruise. But with the number of families that attend our cruise that extra room only invites more attention, particularly for curious kids to do what kids do, and some very anxious moments for Paul while watching over his Vintage Motorsports Cruise Award winning ride. As a former 1934 Chopped 5 Window coupe owner, thanks for letting me see what could have been achieved with the right vision and resources.

Mid-Season Food Pantry Report

by John Griffin

As we approach the transition from Summer to Autumn, I wanted to give everyone an update on the food pantry donations effort this year. To say that it's been a challenging year would be an understatement. Our season 'started' on April 18 and to date we have had exactly 4 cruise nights.... Sigh. We can only hope that the weather and stadium event schedules are more cooperative in September and October.

Even with the limited opportunities, we managed to collect \$11,000 so far for the food pantries in addition to some much-needed food supplies. In summary; in August of 2023 we delivered to the five participating food pantries checks amounting to \$2,100. This year's checks in August 2024 were for \$2,200 to each of the five participating food pantries. We also had set a goal to hopefully exceed the \$23,000 in cash donations and 9 tons of non-perishable food in 2023 with an aggressive goal of \$40,000. Thank you all for your generosity! I hope to see you at our upcoming cruises! Drive safely...

CRUIZN AROUND IN AUGUST

by John Buchanan

What to do when our Bass Pro Cruises get preempted by a Thursday Patriot August 8 pre-season game and a sandwiched August 22 Thursday between the P!nk Wednesday August 22 "Summer Carnival Tour" and Friday through Sunday August 23-25 Kenny Chesney/Zak Brown "Sun Goes Down" Tour? Club members that used to close down each Thursday cruise with a gathering at the long-time sponsor Red Wing Diner so Larry Nyborn suggested club members cruise over to the previous owner's new venture at the King Street Café in Franklin to test out their Red Wing Diner menu. Of course it rained. Johnny Sturniolo also organized a Tuesday afternoon cruise for members to meet at his Franklin home and travel over the back roads to the Tuesday Beef Barn Cruise in North Smithfield, R.I. And finally Patriot Place asked for a half dozen club cars to be displayed at their August 30 Friday afternoon Touch-A-Truck event at the Gillette Stadium north plaza area where the Pro Shop, Hall of Fame Museum and Lighthouse are located, so the month with only our rescheduled August 29 Bass Pro Cruise became very active for members that were able to take advantage of these fun activities.
