## Board Musings

By Rich Armando

If you were not able to attend the November 19<sup>th</sup> meeting you missed a good one. It was our first pizza night of the winter season. Special thanks go out to Fred Tierney who ordered, picked up and delivered the pizzas for us. The best part was we didn't have to tip the delivery guy. What a deal.

Chris Donovan did a fantastic job with his talk on tires. His informative presentation went very smoothly and lasted what I believed was around 30 to 45 minutes. All of this was done without looking at any notes and was presented off the cuff. He debunked the statement that tires have a "born on date", that tire shine should not be used to enhance the look of the sidewalls, and that you should not use anti seize on the hubs or lug nuts which will encourage slippage as you do not want the studs to slip into a shear condition with the slight movement of the wheel itself. All of the questions asked by club members were answered knowledgeably by Chris with in-depth explanations.

Thanks to John B for arranging Chris and our upcoming Decembers guest speaker. Glenn Kurkjian of Tool & Equipment Connection in North Attleboro who will talk about garage lifts, storage and work area solutions. Even if you're not in the market for any of these items it will still be informative to see what is out there and what you might be missing, dreaming of or asking Santa for because you've been nice.

At the **December meeting** all **2025 budgets** must be set so, if you are in charge of a committee, please present your budget for what you need to do your job efficiently, so it can be voted on and approved.

Once again I am asking if there is anyone who would like to be an officer of the club. If there is any slight interest that you may have please contact me to discuss your concerns before the meeting. It's not as hard as one might think.

Enjoy the upcoming holiday season as I hope you can spend time with family and friends.

## Editor's Musing

By John Buchanan EDITORIAL

As 2024 winds down we are left with lots of local Santa parades we can drive our collector cars in. My cousin Uncle Sam Rounseville, who can no longer walk his hometown Quincy, MA 2.7 mile long Christmas Parade, called and asked me to drive him in it now that I have a convertible, and it's Emerald Green so it fits with the season. The Quincy parade has sixteen bands along with sixteen floats and numerous specialty units including the Shriners Clowns and Fire Brigade, Wally and Tessie from the Boston Red Sox, the Cycling Murray family, the Duxbury Hobby Knoll Stables six horse hitch of Clydesdales, antique cars, a fire dancer and numerous costume characters who will also be in the line of march, so this parade should be fun.

Because most towns and cities in the area also have Santa parades, some with Christmas Tree lighting ceremonies following Thanksgiving, I don't try to list them on our Page 12 Events page. So, Google search the surrounding towns to find a Santa Parade near you and join in the parade if you haven't put you antique in winter storage or bring some kids to watch Santa come into town to celebrate this holiday season spirit of giving.

# Wright's Farm Restaurant Gathering of Clubs

by John Buchanan

One benefit of the drought we've been experiencing these past two months is the great weather for late season CRUIZN and that included the annual "Gathering of Clubs" at Wright's Farm Restaurant on Sunday November 3. A dozen club member cars and trucks gathered at the Wrentham American Legion parking lot that Sunday after turning our clocks back one hour to get that extra hour of sleep we lost back in April and we got to enjoy a leisurely cruise over the back roads to Wright's in Burrilville. R.I. where 29 club members were seated at two tables in the expansive "Carriage Room" function hall. This is also where the back parking lot fills up with cars from area car clubs. Because we get a first seating time at 11:30 AM for Wright's famous family style all-you-can-eat chicken dinner, a non-stop precision service that would be the envy of any military mess hall, we are able to spend time following the meal to look over all the different clubs' cars that arrive for their afternoon reserved seating times.

Typically, at these gatherings Henry's Model A's far out number all other marques. *Continued on Page 5*

**Club members look forward to the positive reward each November of enjoying the final cruise to Wright's Farm Restaurant in Burrilville. R.I. and their famous family style chicken dinner.**

**Henry Ford built 4,858,644 Model A's which could explain why they outnumber all other marques at this annual gathering.**

# Wright's Farm Restaurant Gathering of Clubs

CONTINUED FROM Page 4

Following the Wright's Farm Restaurant all-you-can-eat chicken dinner and perusing all the cruise cars in the Carriage Room parking lot, we then ambled on down the Bronco Highway to Chepachet Village to browse one of the oldest Country Stores in America, Brown & Hopkins (1809), along with the several antique shops lining this historic center on U.S. Route 44. And, while our club member shoppers shopped, club member Patriot Fans settled in at the historic Cyrus Cook Tavern (ca1800) to watch another heart-breaking Patriot loss to the Titans. Oh well, the weather was perfect for CRUIZN and the beer was cold with the right amount of frothy head. It just doesn't get any better than that in November.

# Thompson Speedway Flea Market & Swap Meet

by John Buchanan

When the weather is perfect for my annual November Saturday morning cruise to the Thompson Speedway Flea Market & Swap Meet, it's also the perfect reason to drive the back roads through Rhode Island into Thompson, CT. This year's swap was packed with tire kickers like me this year. Vehicles for sale typically range from the usual race cars and project cars & trucks to a CAT 303 Excavator and ambulance this year. I brought my 3-wheel Lynx mobility scooter sporting a fresh new replacement battery that I used at Lake George this year to give it a flea market workout my body can no longer take walking all the rows. It allowed me the opportunity to collect and cart home a few light-weight flea market finds and the Lynx has now become my swap-meet buddy.

Seen along Buck Hill Road in Burrilville, R.I.

Is that delivered or do I need BIG wagon to bring it home?

FUTURE RACER

# Two Veterans Day Weekend Events

by John Buchanan

November 11 is the annual holiday of remembrance that celebrates those veterans in our military that served in all U.S. Wars, past and present, and it also brings about a number of additional late season events that we can look forward to participate with our cars. Two Veterans Day events that some club members attended were the Saturday, November 9<sup>th</sup> Norfolk Aggie Car Show in Walpole and the Sunday November 10<sup>th</sup> Berkley Amvets Veterans Day 54.6 mile scenic cruise through the Lakeville (Rte. 105) / Rochester-Carver-Plympton (Rte. 58) cranberry farm back roads that well over 60 cars took part in. Steve Huntington's 1964 Chevy pickup truck and Glen Coulter's 1955 Chevy were picked by the Veterans Car Show host, Norfolk Aggie Agricultural Mechanics Club, to receive custom made trophies.

The more than 60 cruise participants at the Berkley Amvets cruise donated almost \$1,000 to support their Amvets charitable programs that benefit veterans and their families, a great way to end the weekend.

**Club member Brad Lucas kept his daughter Maggie busy taking pictures with her very own digital camera.**

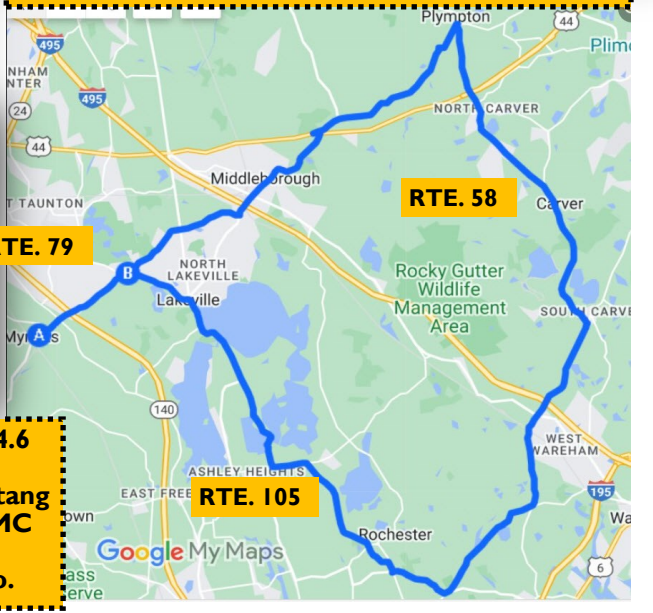

**Steve H. GMC won a custom student designed award**

**In addition to the 54.6 mile cruise route map posted online, Rick Hodgkins also provided turn-by-turn directions while Bristol Pony Club member "Mustang Mike" provided the 65 car owners with a Google maps link with waypoints.**

**Cruise leaving (left) for the 54.6 mile cruise from the Berkley Amvets lot while my '91 Mustang and Al Provost's white '89 GMC pickup truck following behind (above) was captured on video.**

# Guest Speaker Chris Donovan—Sullivan Tire

by John Buchanan

Our Fall and Winter monthly meeting guest speaker series kicked off on Tuesday November 19 with pizza and Chris Donovan, Tire Quality Administrator for Sullivan Tire. We've all seen the cute Sullivan Tire ads that use children spokespeople on the Boston T.V. stations, but were perhaps unaware there is a hard core technical support side to Sullivan Tire that only area service stations, car and truck dealers know about, and Chris Donovan provides that support service. Meeting Chris at one of Boch Exotics monthly cars & coffee events held on their lot next to the Xfinity Center in Mansfield, MA. resulted in asking him to be a guest speaker at one of our meetings. If you missed this meeting, you missed an opportunity to become tire smart, not only for your antique or performance collectible car, but also for that daily driver or work truck that you rely on every day. Chris provided a couple of pass outs, "Be Tire Smart" and "Puncture Tire Repair - Procedure & Replacing Less Than 4 Tires". As an active member of the Tire Manufacturers Assoc., he also recommends their 36 page "Tire Care & Safety" guide which can be accessed on the link [Tire Care and Safety Guide.pdf](#) on their [www.USTires.org](http://www.USTires.org) website.

The advantage of being at the meeting though, was to hear Chris's vast knowledge of tire manufacturing and industry practices as well as his responses to the many questions club members asked, ranging from red & yellow dot tire balancing tips to how custom batch compounds are made for race rated tires. Thank you Chris for a very informative and helpful presentation.
