Cruisin' at the speed of fun

MAY 2024 Board Musings

By Rich Armando

When I started to think about what would be in this month's musings I thought of talking on how successful our April 18th first cruise night of the 2024 season was. Unfortunately Mother Nature threw us a curve and the first cruise night was rained out. It proved to be the right call as the afternoon was filled with on and off rain along with cool temperatures which would have made it extremely uncomfortable for anyone working that night. For future reference Bob Hines and I have to make a decision by 10:00 in the morning in order to give Bass Pro and Patriots Place enough time to cancel everything that they supply the club with that is needed to run the cruise. This was a good example as to why the starting date was pushed back from the very beginning of the month. Sure we can get lucky with the weather, where it's sunny and warm but more often than not it's what we witnessed a few weeks back. So a month from now look forward to a glowing review about our first cruise night of the season.

If you did not attend the April 13th garage tours set up by John Buchanan you missed a great time. One of the stops was at Big Wheel Recovery garage owned by Bob Fouquette. The equipment and knowledge that Bob has is remarkable. After spending some time at that garage looking at some of the newest recovery equipment in the business we drove a few miles to Bob's house to see his personal car collection. When we were done there we had a short drive to see Mike Camara's car collection. Since Mike sold his business he started investing in muscle cars and amassed a very nice selection of cars. The day ended with lunch at the Star Drive In. I'm sure John will cover these stops in more detail so I will leave that to him. Thanks John.

The month of May will also be a busy month with our cruise nights, some more scheduled garage tours and an ice cream run, so plan on attending these outings. Look for emails detailing these monthly club events. One thing I will spend some time to talk about is the May 4th car show at Seekonk Speedway. The club has organized and run this show for quite a few years. It's always been an enjoyable day where the clubs only responsibilities are to park the show cars and judge them for the 11 awards that will be given out. There is very limited setup required by the club and cleanup following the show is handled by the Seekonk Speedway staff. It is also a great event for spectators attending where they not only get to see a great early season car show, there is an auto parts flea market going on and Sunday's opening season race teams doing their final testing and tuning on the track which are fun to watch. Then, following that, there is the ever popular 100 foot drags on the track by car show participants. If you have yet to sign up to help please email me so you can be added to the list. More info will be emailed to the members who have signed up so keep an eye for this emailing. Hope to see you at one of the upcoming events.

Editor's Musing

By John Buchanan EDITORIAL

When it comes down to cancelling a scheduled cruise due to weather, it never fails, someone will show up at the cruise only to be disappointed when they arrive to find themselves alone in the cruise parking lots. I try to show up in the early-afternoon to meet anyone showing up when forecasted bad weather has not yet hit the area and give them one of our annual 20 page cruise booklets along with the bad news.

The April 18 cruise was typical where the cold rainy weather didn't hit us in the morning when the cancellation call had to be made. Last year I met a couple who drove down from sunny Vermont in the morning to attend the Bass Pro Shops Cruise for the first time only to be greeted with the disappointing news it was cancelled due to forecasted afternoon rain. Although disappointed at having driven that long distance in their classic car, thankfully the husband had a Plan B in mind all along; do some shopping in the Bass Pro Shops, visit the Patriots Hall of Fame and enjoy a late lunch at one of the Patriot Place restaurants, still a great road trip.

36th Annual Ty-Rods Auto Swap Meet at Stafford Springs

By John Buchanan

Sunday April 7 turned out to be a sunny day following crappy weather on Saturday when I make my annual trip to the Ty-Rods annual swap meet at the Speedway in Stafford Springs, CT. Still it wasn't a full house as there were enough empty spaces up top surrounding the track and in the wet track infield to indicate the Saturday rain had an impact as it did last year. Still, I go to see if there is something new and hard to find that will catch my attention enough to buy, nothing heavy or difficult to handle in my old age. In fact I brought a folding chair with me for the first time to set up strategically next to the Ty-Rods event shirt stand where I could take rest breaks. I did find a vendor selling his stash of duplicate hot rod album covers to help finance his '36 Ford build project and I was able to get a mint 1975 Merle Haggard "KEEP MOVIN ON" album, shown pictured to the right with Merle hanging on the running board of his 1931 Ford Model A Convertible Coupe. This will be added to my workshop wall art collection. It's easy-to-carry finds like this that keep me coming back every year. Many of the vendors I talked to though were pretty discouraged by the year's weekend weather. I think we can all agree with that sentiment. Next year has to be better.

NOT FOR SALE was the 1934 sweet Plymouth pickup truck a vendor was using to attract former old classic truck owners like me.

Three Garage Tour Saturday—#1 Big Wheel Towing

By John Buchanan

We started another Garage Tour Saturday for 2024 at Bob Fouquette's Big Wheel Towing & Recovery operations in East Freetown, a 2024 sponsor for our Bass Pro Shops cruises. It's been 13 years since club members have had an opportunity to tour Bob's Towing as well as his main garage housing a personal collection of rare collector and muscle cars. As the complexity of today's vehicle collision scenes has change with vehicle EV batteries creating hazards, unthinkable 10 years ago, for today's tow operators, traffic accident scene fire and police details, Bob's operation has become an instrumental resource for training and certification for tow companies around the country. An example of one of the changes on his property was building a concrete containment area to store damaged EV vehicles until the batteries are fully discharged, typically 30 days. It is required for fire containment should the Lithium batteries explode and burn. But we were here to see the fleet of tow and recovery vehicles that range from his original 1953 F800, formerly owned by Sunbeam Bread sporting its original yellow color scheme that Bob continues to use for his entire fleet which includes ramp trucks, hydraulic wreckers, cranes, Landoll tractor and trailer units, large off-road track vehicles, boats, a hovercraft, and front-end loaders. Standout among the impressive equipment garaged at his East Freetown yard are three five-axle Peterbilt and Kenworth units fitted with Jerrdan 50 & 80-ton rotators, all 1 million dollar machines that can handle any heavy lift project. We amazed by the scope and capability Big Wheel Towing provides for Southeastern Massachusetts which also includes used truck sales, repair and painting services.

Bob and one of his heavy tow operators (R) detail each of the vehicles used in Big Wheel Towing & Recovery's operation.

Big Wheel owner Bob Fouquette (R) is presented with our club's host Thank You plaque,

One of the two five-axle Peterbilt's fitted with 50-Ton Jerridan Rotators

Bob Fouquette's Garage Tour #2

Continued from Page 5

Following the Big Wheel Towing & Recovery operation tour, we cruised on over to Bob Fouquette's home where we were given a personalized tour of his car collection that ranged from a 1946 Carryall Suburban used in their early TV antenna business to a replica Bob built of the famous 1957 Chevrolet 150 "Black Widow" Nalley Chevrolet #47 which reside in a custom built two-story eleven stall garage. The ground floor garage consists of a large 6-door two-car deep open storage area where 10 of his favorite rides are parked. Because he does have more that 10 favorite rides, another three were parked inside the adjacent 6th detailing area of the garage. The second floor is a large open area finished in 50's era style and is used primarily as a classroom for the many on-site certification classes Bob conducts each month for tow operators. Thank you Bob for you time and courtesy.

The best part of any garage tour is sharing the history & story behind each car.

Mike Camara's Garage Tour #3

By John Buchanan

We took the scenic roads less traveled to Lakeville for our final "Garage Tour Saturday" to Mike Camara's garage to see his growing collection of American V8 muscle cars, Thunderbirds, Mustangs, Corvettes, MOPAR Dodge & Plymouth & various other GM badged makes from, Chevrolet, Oldsmobile and Pontiac. With the exception of the Corvettes of which there were 7 examples from 1955 to a 2024 C8. It's as if Mike's collecting a favorite from each Marque, the '55 Chevy Bel Air resto-rod pictured below, 1969 Camaro SS, 1970 Chevelle SS, 1966 Nova SS resto-rod—which was my unexpected favorite—1966 Oldsmobile 442, 1966 Pontiac GTO. Then there is that replica 1965 Backdraft RT4 Cobra 427 parked next o a replica 1967 GT 500 Mustang. Mike's bottom line rule is they had to be V8 powered, beautifully finished and drivable which is another one of his passions, driving his cars in the summer, besides driving golf balls in Florida. All are standard shift except for the replica Mustang GT 500 which he plans to keep as the resident Cape Cod summer driver. Thanks Mike for allowing us the opportunity to hold back drooling all over your awesome muscle car collection.

Mike Camara receiving our club's HOST THANK YOU plaque in the Corvette stable area where the rest of our gang posed for a group photo.

MOPARS: 1968 440 Dodge R/T & 1968 HEMI Plymouth Roadrunner

Between the replica 1965 Backdraft RT4 Cobra & replica 1967 GT 500 Mustang sits a gorgeous 1955 Chevy BelAir resto-rod w. a 502 640 HP V8

EARLY V8 CLUB 52nd ANNUAL SPRING TUNEUP

by John Buchanan

Always billed as a rain or shine event, those early morning and even late morning showers didn't put a damper on the flea market vendors show car owners and shoppers on the hunt for rare or scarce parts at the Early Ford V8 Club of New England's 52nd Annual Swap Meet & Car Show at the Fitchburg Airport. Come prepared the flyer said; button up your jacket, put on those L.L. Bean Maine booties, don't forget the gloves to keep your fingers warm in case it's too cold and on the chance you may have to go slogging up and down the aisles. Well, everything was going great until 10 AM, lots of show cars and swap meet vendors when rain drops started to fall and the drop-tops started to leave and vendors with paper offerings started to pack stuff away. Also, the late morning rain kept me from wandering over to the Fitchburg Pilots Association's 3rd Annual Wings & Wheels fly/drive in event adjacent to the Swap Meet. Still, this is my favorite last-Sunday-in-April event which will either be a spring 60 mile dust-off cruise in my show car in nice weather or a photo/parts hunting expedition in the pickup truck with a foul weather forecast. It was a road trip this morning in the pickup truck. Enjoy the pics:

continued on Page 9

The Early Ford V8 Club of New England hosted their 52nd Annual Swap Meet & Car Show at the Fitchburg Airport on April 28

Lots of vendors selling early pressed steel toys, automobilia, advertising, repair manuals, tools & other stuff.

It wouldn't be an Early Ford Swap Meet without some parts & almost whole parts

EARLY V8 CLUB 52nd ANNUAL SPRING TUNEUP

Continued from Page 8

Unlike many New England Swap Meet venues, Fitchburg Airport's 376 acres has plenty of additional room where the vendor Swap Meet, Car Show and spectator parking are situated around the former North-South runway adjacent to the airport operations. Getting there early in the morning assures Show Car owners a spot on the runway's tarmac surface while the Swap Meet and spectator parking are in the grassy fields surrounding the former runway. Walking the aisles up and down the old runway and seeing cars, trucks and whatever you'll never see at your local cruise night or car show.

Yep, the asking price for this former 1927 Model T Doctor's Coupe was \$9,500, delivered to your driveway. Love the NH Vanity Plate: 4SALE-

Show Cars are not limited to Early Ford V8's, but include varieties that range from the Model T Center Door street rod below to Corvette Sting Rays and even a couple of 1991 Nissan Figaro's.

The Car Show portion consists of four 1/4 mile lanes of show cars parked for viewing, no judging, no trophies and no B.S.
